

## Arborist Climber

### Overview:

The Good Earth team feels fortunate to work with trees. Taking care of our city's canopy is a calling and an honor. If you enjoy working outdoors in a professional and safe environment, consider a career with Good Earth Tree Care! We value safety, team work, and career development.

As an Arborist Climber, you will be an integral member of a tree care crew with the primary responsibility of tree climbing and assisting Arborist Crew Leaders in performing all tree and shrub care services on residential and commercial properties.

### Benefits:

We offer competitive compensation, as well as:

- A safety-first culture and professional workplace
- Medical insurance
- 401k retirement plan
- Paid time off and holidays
- Professional development opportunities
- Company provided uniforms, PPE, gear, and equipment
- \$300 yearly gear allowance

### Responsibilities:

As an Arborist Climber, you will play an important role in:

- Performing ground, tree climbing, and aerial lift duties in support of specific job assignments, as directed by the Arborist Crew Leader
- Safely performing all aspects of arboriculture, including:
  - Tree identification
  - Tree risk assessments
  - Pruning
  - Removals
  - Cabling and bracing
  - Root collar excavations
  - Properly maintaining and operating tools and equipment (hand tools, chainsaws, chippers, and aerial lifts)
- Learning, understanding, and adhering to all safety rules and company safety policies

### Qualifications:

- A love of nature, the environment, and the outdoors
- At least one (1) year of tree climbing and aerial lift operation experience in the tree care industry
- Valid driver's license (Class B CDL preferred)
- Ability to work outdoors year-round in all weather conditions

*Good Earth Tree Care LLC an Equal Opportunity Employer.*
